

Life as a fish!

Water Trekking and Canyoning on Monte Nerone

Piobbico - Pesaro e Urbino

Water Trekking

Walking near a clear and lively river, discovering its life and animals is only possible thanks to a natural guide unveiling the river's secrets for you!

Our activities of Water Trekking respect the river and the life in it. Walking for hours in the water could endanger its inhabitants and ecosystem, that is why our natural guide will walk with you along its shores and help you crossing it when needed. It is the perfect experience for nature lovers who want to discover the river respecting its life.

During the hike you will take advantage of the explanations that our natural guide will provide you about the river, its flora and fauna. Little waterfalls, lakes, canyons will show up during this amazing adventure. Enjoy the river and its wonders with us!
